Business Process Model Legend

Event Symbols

Sequence Flow

The event may represent a start, end, message, timer, link, or exception.

Task Symbols

Standard Task

Standard Task Step with Business Rules

This is a task that captures specific actions or series of actions. This task may be constrained by, or related to, one or more business rules.

Gateway Symbols

Gateways represents the next task or step in a process. They may represent flows joining/splitting multiple flows or show alternate flows.

Data Object

This is a data object, which captures information exchanges (i.e., inputs, outputs) used by task. This symbol can represent an electronic or physical data object.

Refer to http://bpmb.de/poster
for more comprehensive BPMN symbology and definitions.
